DLGF:

First of all, I have reviewed our contractual information with your attachment and I find the information to be in order.

Secondly, I have the financial payment information in hand that the Auditor gave me and I will be mailing it to you.

Last of all, if I am to "confirm" on this is it merely by my correspondence above or is there something else?

At this time, the only additional information I am considering is inclusion (updating of current program) in DoxTec to include their Mobile Home program.

Thank you... Bev Fields, Assessor

Beverly,

Thank you for your timely response to our request for information re your current contractual obligations related to your property tax management and CAMA software, as well as the associated GIS, Analytics, Reporting, Document Management and Maintenance/Support obligations.

However, we did not receive the breakout of your county's expenditures by vendor for 2005, 2006 and 2007. Also, does your County have any planned system implementations/upgrades planned going forward?

Finally, please confirm that we have recorded your complete contractual obligations appropriately; verifying you one time, as well as reoccurring annual maintenance agreements.

If you have any questions, please feel free to e-mail me at this address or call me at 317-269-2368.

Thank you.
